

# EasyCode 2.0 Quickstart Guide

## How to Get Started with EasyCode 2.0

---

1. Download EasyCode 2.0 from the App Store or Google Play Store
2. Open the app and click on "Enroll"

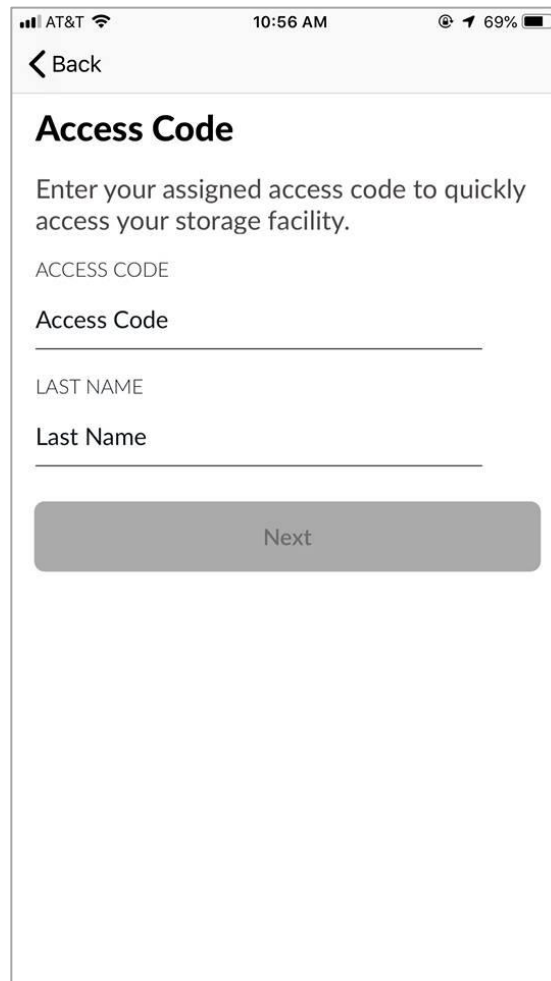

3. On the next screen it will prompt you to enter the facility's **10 Character Site Key**, the site key will be on the Site Key Card provided to you.

For Madison Self Storage use exactly  
**bn9uQxZf4t**

The screenshot shows a mobile app interface for PTI Security Systems. At the top, the status bar shows 'AT&T', signal strength, time '10:55 AM', and battery level '69%'. Below the status bar is a navigation bar with a back arrow and the text '< Back'. The main heading is 'Sign Up for Secure Access'. Below this, the text reads 'Enter the authorization code sent to your email address or mobile number.' There are two input fields: the first is labeled 'AUTHORIZATION CODE' with a placeholder 'Authorization Code'; the second is labeled 'SITE KEY' with a placeholder '10 Character Site Key'. The 'SITE KEY' field is highlighted with a red rectangular border. Between the two input fields is the word 'OR'. Below the input fields is a grey button labeled 'Next'. At the bottom, there are three links: 'SEND NEW CODE', 'OR', and 'ENTER SITE KEY'.

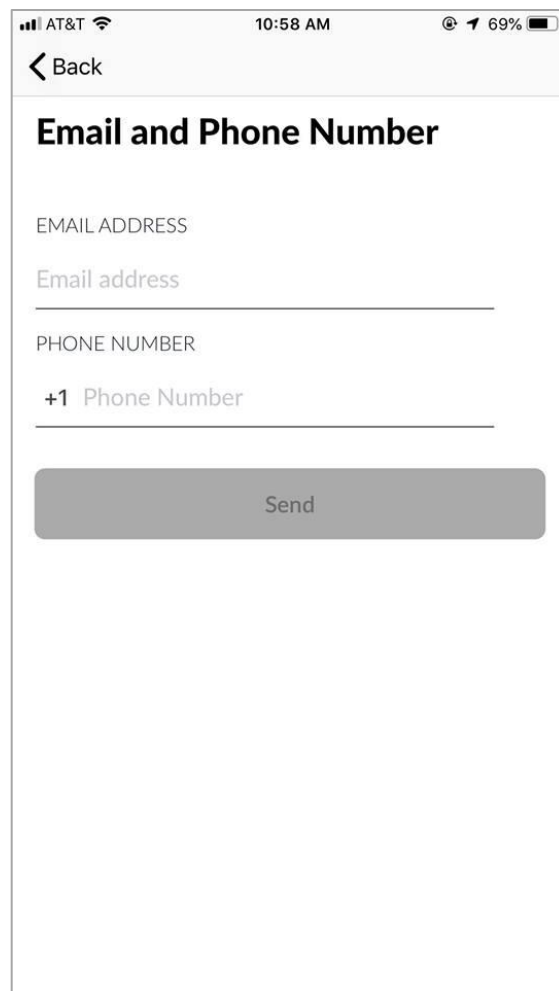

4. Once you click Next, the following page will prompt you to enter your assigned Gate Code (without \* or #) and your Last Name, click on Next to continue.

**Do not use the \* and # signs with Gate Code**

The screenshot shows a mobile application interface for PTI Security Systems. At the top, the status bar displays 'AT&T', signal strength, time '10:56 AM', location, and battery level '69%'. Below the status bar is a navigation bar with a back arrow and the text 'Back'. The main content area is titled 'Access Code' in bold. Below the title is a descriptive text: 'Enter your assigned access code to quickly access your storage facility.' There are two input fields: the first is labeled 'ACCESS CODE' in all caps and has 'Access Code' entered; the second is labeled 'LAST NAME' in all caps and has 'Last Name' entered. At the bottom of the form is a large grey button labeled 'Next'.

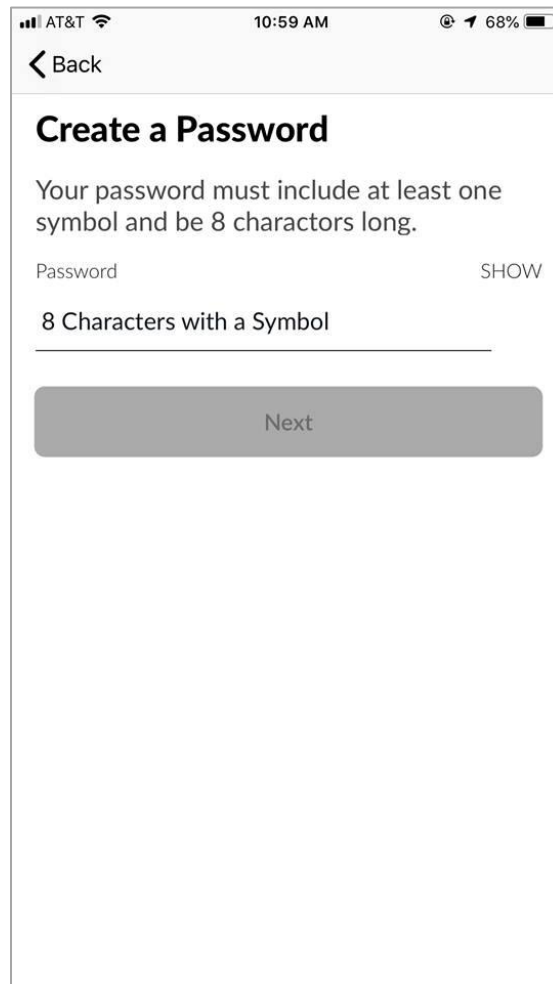

5. The following screen will ask you for your email address and phone number, **make sure this is a mobile number that can receive text messages** because you will need this to finish enrollment!
- i. *If you entered an incorrect number, please contact your storage facility for a resolution.*

The screenshot shows a mobile application interface. At the top, the status bar displays 'AT&T', signal strength, time '10:58 AM', location services, and battery level '69%'. Below the status bar is a navigation bar with a back arrow and the text '< Back'. The main title of the screen is 'Email and Phone Number'. Under this title, there are two input fields. The first is labeled 'EMAIL ADDRESS' and contains the placeholder text 'Email address'. The second is labeled 'PHONE NUMBER' and contains the placeholder text '+1 Phone Number'. Below these fields is a large, grey, rounded rectangular button labeled 'Send'.

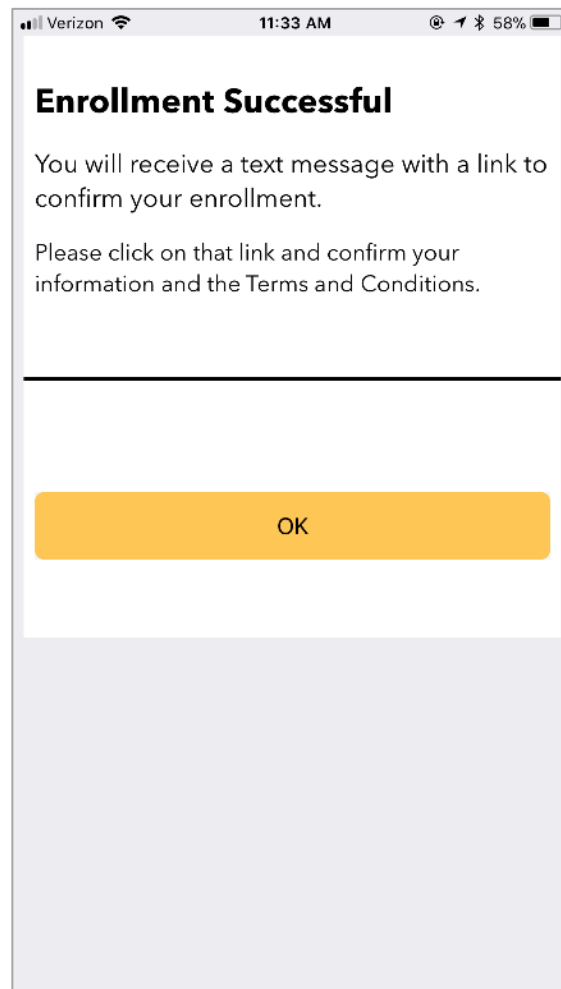

6. After you hit send, you will be prompted to create a password that's 8 characters long and includes a symbol. Click Next.

Click "Yes, Notify Me" for any alarm notifications.

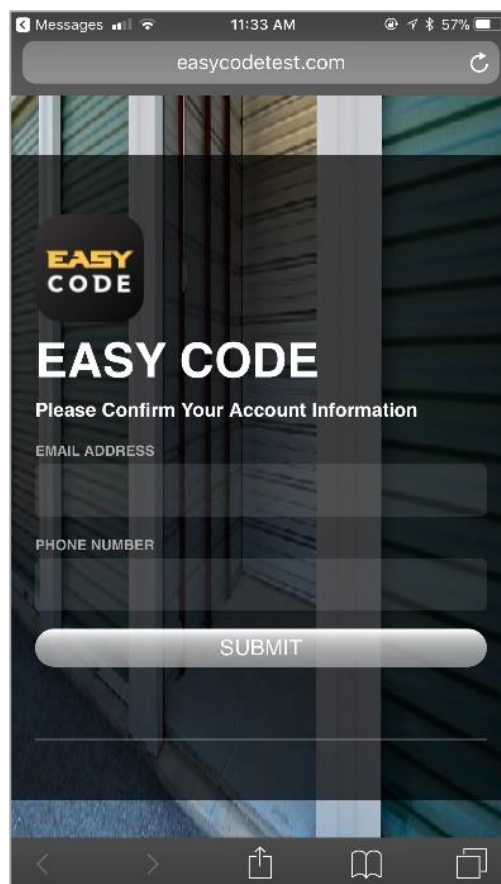

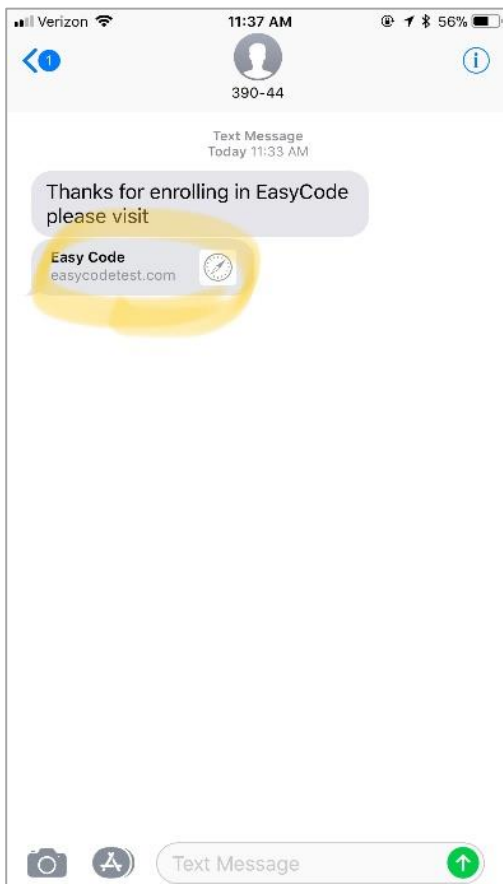

The screenshot shows a mobile application interface for creating a password. At the top, the status bar displays 'AT&T', signal strength, time '10:59 AM', location services, and battery level '68%'. Below the status bar is a navigation bar with a back arrow and the text '< Back'. The main content area has the title 'Create a Password' in bold. Below the title is a message: 'Your password must include at least one symbol and be 8 characters long.' There is a text input field labeled 'Password' on the left and a 'SHOW' link on the right. Below the input field, a feedback message reads '8 Characters with a Symbol' with a progress bar that is approximately 80% full. At the bottom of the form is a large, rounded rectangular button labeled 'Next'.

7. You will land on a screen where the app will inform you that your enrollment was successful, to finalize your enrollment, confirm your enrollment by clicking on the link that was texted to you.

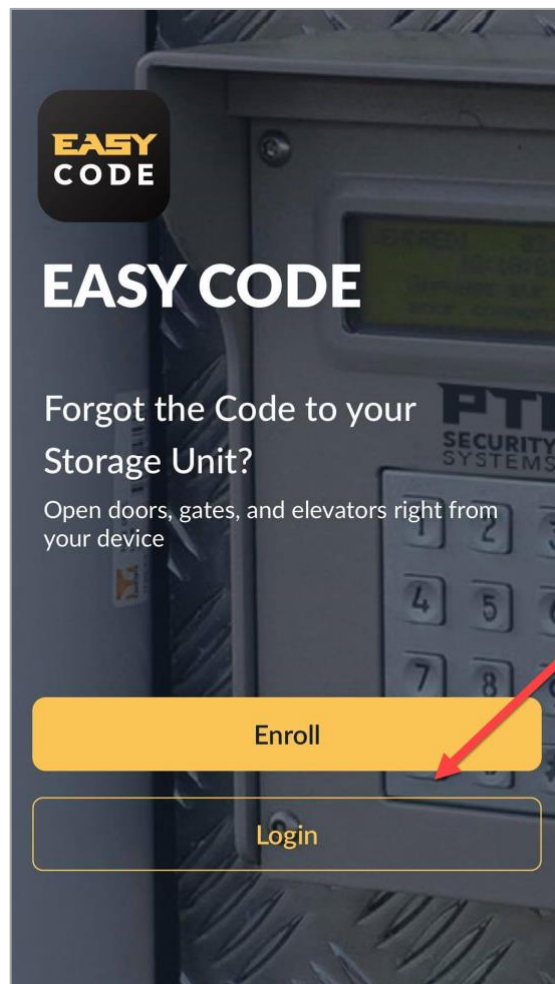

8. Click on the link on the text message sent to you and re-enter the information from Step 5.

9. Once your account successfully confirms enrollment, return to the app and log in. This time only enter your email and password.

**Check the Remember Me box if you want your login to AutoFill next time.**

10. Once you successfully enroll in the app and log in, you will be directed to the **Access Tab**, here you can Open your Entry and Exit Keypads.
- a. If you need to view your keypad code, clicking on "Keypad Code" will allow you to do so
  - b. Note: You must be within the GeoFence perimeter of the site and have your location services turned on
