The screenshot shows a mobile application interface for 'Sign Up for Secure Access'. At the top, there is a status bar with 'AT&T', signal strength, Wi-Fi, time '10:55 AM', location, and 69% battery. Below the status bar is a navigation bar with a back arrow and the text '< Back'. The main heading is 'Sign Up for Secure Access'. Below the heading is the instruction 'Enter the authorization code sent to your email address or mobile number.' There are two input fields: the first is labeled 'AUTHORIZATION CODE' with a placeholder 'Authorization Code'; the second is labeled 'SITE KEY' with a placeholder '10 Character Site Key'. The 'SITE KEY' field is highlighted with a red border. Below the input fields is a grey button labeled 'Next'. At the bottom, there are two yellow links: 'SEND NEW CODE' and 'ENTER SITE KEY', separated by 'OR'.

4. Once you click Next, the following page will prompt you to enter your assigned Access Code and your Last Name, click on Next to continue.

Do not use the * and # signs

The screenshot shows a mobile application interface. At the top, the status bar displays 'AT&T', signal strength, Wi-Fi, the time '10:56 AM', location services, and a 69% battery level. Below the status bar is a navigation bar with a left-pointing arrow and the text 'Back'. The main content area is titled 'Access Code' in bold. Below the title is the instruction: 'Enter your assigned access code to quickly access your storage facility.' There are two input fields: the first is labeled 'ACCESS CODE' and contains the text 'Access Code'; the second is labeled 'LAST NAME' and contains the text 'Last Name'. At the bottom of the form is a large, grey, rounded rectangular button labeled 'Next'.

5. The following screen will ask you for your email address and phone number, make sure this is a mobile number that can receive text messages because you will need this to finish enrollment!
- i. *If you entered an incorrect number, please contact your storage facility for a resolution.*

The screenshot shows a mobile application interface. At the top, the status bar displays 'AT&T', signal strength, Wi-Fi, the time '10:58 AM', location services, and a 69% battery level. Below the status bar is a navigation bar with a back arrow and the text '< Back'. The main content area has a title 'Email and Phone Number'. There are two input fields: the first is labeled 'EMAIL ADDRESS' with a placeholder 'Email address'; the second is labeled 'PHONE NUMBER' with a placeholder '+1 Phone Number'. At the bottom of the form is a grey button labeled 'Send'.

6. After you hit send, you will be prompted to create a password that's 8 characters long and includes a symbol.
